SeaWorld Exhibit Questions

Make sure you read the signs at each exhibit to help answer these questions

<p><u>Wild Arctic</u> How is the reduction of sea ice affecting walrus?</p>	
<p><u>Penguin Encounter</u> What is the difference between the penguins inside the exhibit versus the penguins outside the exhibit?</p>	
<p><u>Turtle Reef</u> Explain how sea turtle jaws are “adapted” for their diets.</p>	
<p><u>Shark Encounter</u> Approximately how many species of sharks exist?</p>	
<p><u>Pacific Point</u> How deep do different seal species dive for their food?</p>	
<p><u>Bat Ray Feeding</u> How do bat rays eat? What is their prey?</p>	
<p><u>Otter Outlook</u> How does the sea otter’s historic range compare to its present range?</p>	
<p><u>Orca Underwater Viewing</u> What makes the orca a top predator in the ocean?</p>	
<p><u>Explorer’s Reef</u> What type of consumer is the cleaner fish?</p>
